To Whom It May Concern:

Andreea Popa started her career in Genpact in 2007 as a Senior Process Associate and was promoted after less than 18 months to a F&A Team Leader role. Because of her good performance on people and customer management and due to her process knowledge and business acumen, she grew as an Operations Manager, leading multiple teams and various processes for a period of 2 years.

In 2011, while being an Operations Manager, she also got Green Belt Certified after completing a project on Metrics Standardization, and starting 2013, Andreea has taken up a new role and decided to increase her expertise in Six Sigma by stepping into a Black Belt position, as part of the Quality team.

During her time in Genpact, Andreea has proven to be a resourceful team player who excels at building trusting relationships with customers and colleagues, a professional with high analytical thinking and demonstrated talent for identifying, improving, and streamlining complex work processes as well as her managerial skills.

I am happy to act as a reference for Andreea as she has reported to me in her role in Operations and she was also the Black Belt assigned to the teams that I lead across 3 locations Bucharest, Cluj and Lublin.

I can always warmly speak of her highly appreciated people and project management skills, dedication, positive attitude, work ethic, and professionalism.

Please feel free to contact me should you require further information.

Sincerely,
